

SHADEMASTER[®]
SHELTER SYSTEMS

We have your outdoors covered

Single Skin Roof Solutions

SHADEMASTER® single skin roof system offers superior performance, aesthetics and limitless design solutions

STYLE

Wide range of **colour options** gives you a choice of 12 colour combinations.

FUNCTION

Panels clip together to form a **weather-tight**, virtually undetectable seal. Integrated Naturelite panels available to allow natural lighting.

VERSATILITY

Suitable for a wide range of traditional and modern designs to enhance almost any outdoor situation including **patios, pergolas, pool enclosures, gazebos** and **carports**.

MINIMAL MAINTENANCE

SHADEMASTER® HD COLOR-COTE® Coating Process gives a **durable** and **easy to clean finish**.

MADE IN AUSTRALIA

Quality product crafted by Hunter Douglas Limited, with over 60 years experience in manufacturing premium home improvement products for the **Australian market**.

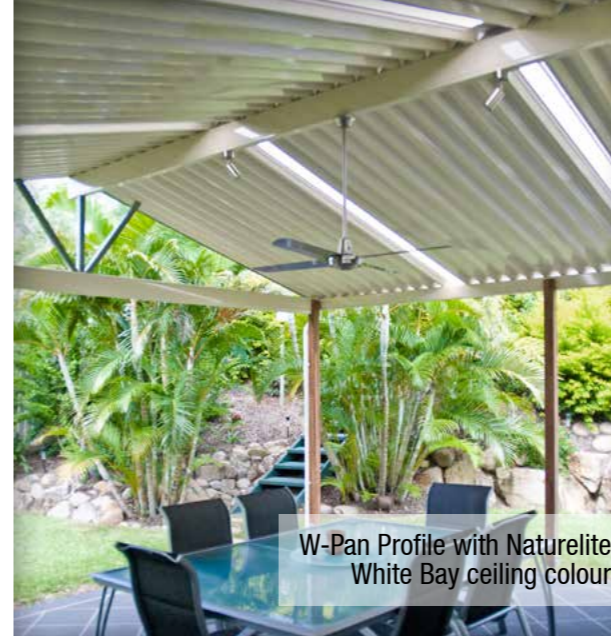

ENGINEERING AND OPERATIONAL TESTING

Engineered for Australian conditions (to BCA guidelines) and compliant with Australian Standards. The W-Pan profile has been independently tested and approved for cyclonic regions[^].

GUARANTEED 10 YEAR WARRANTY*

SHADEMASTER® delivers piece of mind with a **10 Year Warranty** on your single skin roof panels.

[^]Refer to the JCU Report TS740 September 2009. *Conditions apply. See www.hdshademaster.com.au for warranty document.

SHADEMASTER® Single Skin Roof Profiles

Customise your look with the choice of two profile options for your new undercover area.

Each panel is 300mm wide and features a clipping system where the panels lock together forming a weather-tight, virtually undetectable seal.

Traditional Style

W-PAN PROFILE

- The robust W-Pan profile offers a traditional style of roof appearance. Solid
- and long-lasting, the W-Pan creates an
- outdoor undercover area built to last.

Contemporary Style

FLAT PROFILE

- The flat profile panels provide an enhanced aesthetic replicating a flat 'ceiling' appearance.
- The flat surface helps create a light, bright and spacious area as it allows light to be easily
- reflected around the covered area.

Naturelite System

For letting some light into a dark covered area, SHADEMASTER® offers the perfect solution.

The Naturelite System features translucent panels that integrate with the single skin roof panel to allow natural light to filter through.
